

Headteacher: Mrs J Ramshaw B.Ed Hons.

Dear Parents and Carers,

I hope you have had a good summer. The children appear to have had a successful first day back.

School has been painted throughout and looks much fresher and brighter.

We will be sending our calendar of events to you shortly. However, we have decided to hold Roald Dahl day on Tuesday 13th September and ask that children come dressed as a character from one of the books – there are lots to choose from and they don't need anything special to be James, Charlie, or Matilda! We are also asking for a contribution of 50 pence to go towards the Roald Dahl Marvellous Children's Charity. During the day the children will access a number of activities related to Roald Dahl's books and Miss Bailey will lead our worship on a Roald Dahl theme.

#### Exploratorium

We are in the process of converting our IT suite into an Exploratorium. This will be a creative space where children will work on Science, art and design technology projects. We are looking for resources to create a stimulating learning environment and are keen to make links with industry. If you work in a design or science related industry and have some ideas for objects we can display or use with our children, we would love to hear from you.

Our new Shining Stars building will be arriving at the beginning of October. Massive thanks to Mr Fryer, one of our parents who is the director of Radius Crane Management Ltd., who will be craning the building into position free of charge to the school. We are really excited about this development as it will offer purpose built accommodation for our 3-year-old children.

We are also waiting for a new trim trail and outdoor furniture which will hopefully be here in the next few weeks.

We look forward to working with you over the next year.

Very best wishes

Jill Ramshaw
